

## Playford Rotary Club Two Wells Visit

On 31 May 2023 a small contingent of members from the Playford Rotary Club did a “greet and meet” of Two Wells. First, we met up with Pam Duncan at the revamped Uniting Church Op Shop with its new clean lines and now conforming to the health and safety obligations of a clear site over the tops of the clothing racks. From there we went to have morning coffee and a biscuit in the Two Wells Main Street.

Then, without Pam, we went to the historical Wells area at the top of Wells Road. We viewed the steel artwork of the panels made by former Two Wells Rotarian, Les Williams and instigator of the founding of The Two Wells Rotary Club in 1989. We then progressed onto the now old Rotary walkway which has been removed and redirected with a new one. The old walkway was envisaged by Les and Bet Williams after viewing a similar walkway in a visit to the UK which had sponsored name plates.

On our walk we ran into Liz Frabrici and we talked at length about the old times, realising that time never stands still, that we can not halt progress. We told Liz that we located the two life size aboriginal statues in the fenced off Council depot. The statues being part of Pudnala Park which the walkways pass through.

Afterwards, we intended to view the olive harvesting at Past President Robin Trevilyan's former farm. As they had finished there, we viewed over the row olive harvesting at Lewis Nurseries at Virginia.

To finish up our small group had a rather late lunch at the Virginia Hotel.
