# NEW PROMOTION FOR WENTWORTH

## Sign up for Wentworth

### Well done Rotary

Last year the Wentworth Regional Community Progress association contacted the Rotary Club of Wentworth and asked if they could possibly do a promotion board for the Wentworth region and have it located at the Popiltah rest stop between Broken Hill & Wentworth. Thousands of cars travel through the area each month, many stopping to have a rest or to look at the lake which is now full of water. The local club decided to take up the challenge and although it took longer than anticipated to complete, the sign was installed in May this year. David Tunkin from the Rotary club said there were some challenges for the group the main being that the area comes under Transport NSW jurisdiction and this is something they did not normally deal with. Once that was overcome the rest fell into place. David did want to thank the Wentworth Shire, The Rotary District, Transport NSW & the local business's who advertised on the board.

Note: there is two places still available for local business to promote themselves so if you are interested please call Rotary on 0412 638390

# NEW ENTERTAINMENT FOR WENTWORTH & MILDURA

## Hoopla / Axe throwing / Basketball

### Well done Rotary

After the inflatable jumping castle tragedy in Tasmania 2021 and insurance companies knocking back cover, many Fetes, school days, street parties and other events requiring entertainment for children find themselves scrambling for things to hire. The Wentworth Street Party was one of these functions and so they asked if the Rotary club of Wentworth could assist with some type of entertainment for the children. The challenge was taken up and now available for hire to events around our region is THE CARNIVAL GAMES. This unit has three different games available at the same time. 1) Hoopla where you are throwing rings around pegs 2) Axe throwing where you get to throw velcro round axes at a board 3) basket ball.

The unit is now available for hire and if anyone has a function they would like to have it at please call Rotary on 0412 638390.
