

AN URGENT MESSAGE FROM THE 2024 CONFERENCE CHAIR – JENNY MILLS

- We have been receiving queries concerning accommodation bookings or availability for the Conference.
- I wish to confirm that a wide range of accommodation options are available in all Riverland towns, although due to the number of major community (and private events such as weddings) taking place over the Conference weekend, not all properties are holding bookings now - and bookings are being taken up - the following is recommended
 - ✚ I encourage everyone to make their bookings as soon as possible, contacting the venues directly (see phone details listed below.)
 - ✚ Using the following link <https://2024loxton.au/> which will bring up all the details for the Conference.
 - ✚ Under the heading “Accommodation” – there is a list of accommodation options in all of the towns, and there are still a number of options available, however I have listed currently available options below- so get in early!
 - ✚ **Please Note:** It is more appropriate to contact the accommodation provider **directly, by telephone, rather than trying to book on line.**
 - ✚ When making your booking, please advise that you are a delegate for the Rotary District Conference in March 2024 - (Please remember that each individual is responsible for payment of their accommodation.)
 - ✚ There are a range of Disability Access options – please just enquire at the Venue when booking
 - ✚ **House Boats:** There are numerous options available for small or larger bookings. Details are also available on the website – direct contact with the Provider is recommended rather than on-line. Mooring Options in Loxton are available – more on this to follow.
- The following is a list of what is still available in Berri (which is 15 Minutes from Loxton) and Renmark, which is approximately 30+ Minutes from Loxton.) It is highly likely that accommodation in Loxton has now been fully booked)
